Fiora

Why is Fiora languishing in and on a sheepskin rug, I hear you ask? It's probably because, being of delicate health, Fiora is allergic to man-made fibres. Thus, she has to drape herself in only the best and softest natural fibres, such as silk and furs. At least, that's what she told El Gutto, who neglected to ask for them back at the end of the shoot. The accountant was delighted.

Jasmin

Jasmin wasn't always always a model. No, before joining the countless other lovelies who adorn our pages, Jasmin used to be a student. Studying chemistry, no less. And you expected me to say art. Well, how wrong you were. No, Jasmin graduated with an Honours Degree from a rather famous English university, and almost immediately became a model. She's glad she has the security of a degree to fall back on, but then there were several staff here who said she could fall back on them anytime . . .

JUTTA

From Denmark, comes Jutta – a lady who caused El Blotto the deputy editor to leave a nasty stain on his office chair when he first saw her photos.

Whether this was due to the sickly jam doughnut he was eating, or to some entirely understandable emission of body fluids, we shall never know.

All we do know for sure is that he has never been the same since Jutta explained to him the alternative meaning for 'open sandwich'.

We would let you into the secret – but it's illegal in this country . . .

libby

Gazing at Libby's pink costume and smooth skin, it's easy to become lost in thought, and have a policeman snap you out of your reverie to inform you that touching yourself in that manner will not only damage your vision, but may lead to your incarceration at HM's pleasure.

But look at her.

Wonderfully pert breasts, a bum just made for squeezing, and skin as smooth as silk. Isn't it amazing what nature can do? Makes you wonder what went wrong with the XS Editor!

THE SEARCH FOR A STAR!

The Quest Continues! We're always on the lookout for girls to become Knave Amateur Models. If you like the idea, then simply fill in the form at the end of this section, and send it, along with some photos of yourself — at least two full nude, front and back views — to the address on the form.

INTRODUCING OUR AMATEUR MODEL OF THE MONTH . . .

Louise

Louise Gibson travelled all the way from Newcastle to become this month's Amateur Model. Nothing in her background as a veterinary student had prepared her for Sir Gutto, the Editor, or his habit of chasing anything in (*or out of – Ed.*) a skirt around the building. On lap three, as Sir Gutto was running out of breath, Louise paused and admitted her interest in marathon running. It was around then that Our Leader gave up, and told me to find an unfit model next time! (*Or else! – Ed.*).

Ladies! If you're thinking of going into modelling, then now's your chance! Every month our Amateur Model Feature premiers a different girl, and next month it could be you! Provided they have never appeared in Fiesta or any other men's magazine, female readers are eligible to become Knave Amateur Models. Just send us the completed application form, and three or four nude polaroids or prints. Then, each month, we'll pick the girl we like, and invite her to our studio in Essex for a day's modelling session, with a professional glamour photographer, and our own make-up artist and hair stylist to make sure the model looks her very best.

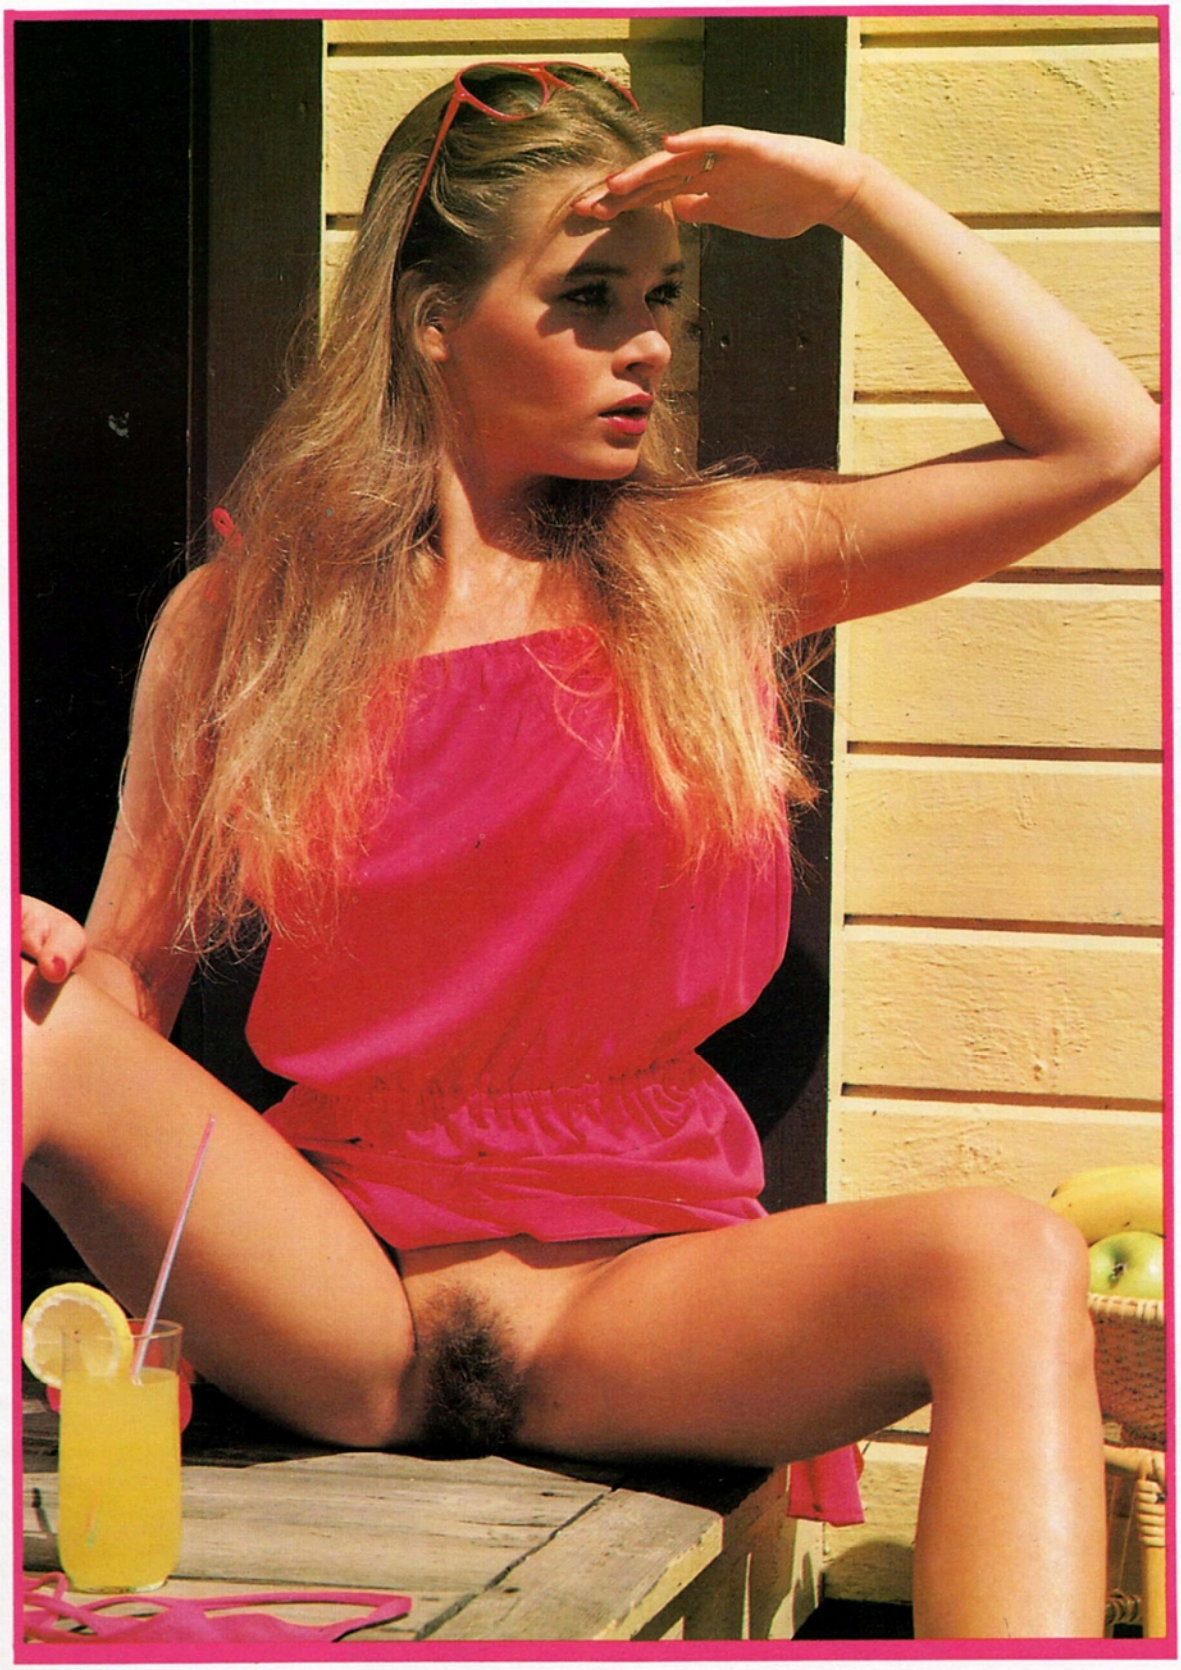
We pay our models £200 for their day's work, and an extra £25 to the photographers who originally sent the pictures in. So come on, take that first step into a new career!

Photographed by Geoff Hayes

STACIA

Lens man extra-ordinaire and all-purpose poseur Geoff Hayes discovered sexy Stacia at his local library in down-town north London. "You're making this drivel up again," you cry! Now, we wouldn't do a thing like that, would we? Every word we tell you in these mini masterpieces is true – honest! Anyway, back to business: Stacia spends her weekdays slaving away as a junior librarian, but come Saturday and Sunday you'll find her jumping off Herefordshire hills attached to a hang-glider. Sounds intriguing . . . hope she lands on me!

Trixie



Outside, under a sunny sky, no goose pimples. Yes, this was taken in the Galaxy garden. There I was, pruning my petunias, when Trixie tapped me on the shoulder, and asked if she could take her clothes off. What a bloody stupid question! Then she sent me off to get her a drink. When I came back, she'd managed to put her own suntan oil on! But I wasn't upset, because after all the pictures had been taken, she let me hose her down. (*Sounds like you needed hosing down to me – Ed.)*
